FARWELL
Go far. Do well.

FRINGE BENEFITS PROGRAM

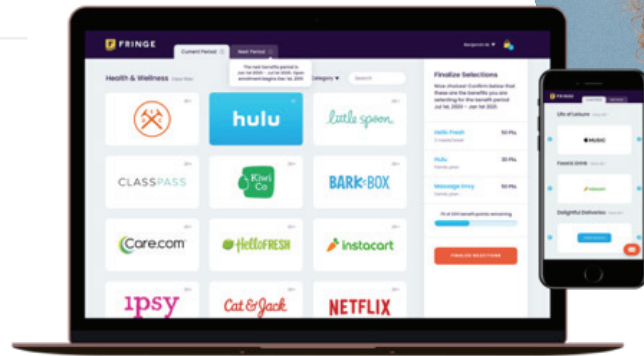

FarWell believes that in order to serve our customers well, we have to take care of our employees first. We want you to treat yourself.

Work and life is blended now more than ever, and finding a balance is tricky. The FarWell Fringe Employee Benefits Program is meant to make life easier.

What the Jiminy is Fringe?

Fringe is a Benefits Marketplace designed to provide employees with better family and lifestyle benefits. On Fringe, you'll find services to reduce stress, save time, spark joy, and impact your family.

Whether it's babysitting hours, music streaming, Uber-ing to work, or upping your artisan coffee game—we want you to feel the love. These Fringe benefits are FarWell's gift to you, because you are a gift to this company.

Pick Your Perks

Newsflash! Employees have different lifestyles. FarWell is embracing the 21st century custom experience mindset. Fringe benefits are DIY, pick what matters most to you.

So how exactly does this work?

1. Login to Fringe and check out your FarWell Fringe benefit budget points.
2. Browse a list of nearly 100 wellness and leisure service options like Headspace, GrubHub and Netflix and choose which services fit your lifestyle and priorities.
Wait. What? You're paying for my Netflix subscription? Yup. If you're into that.
3. Change your options every six months.
